Pēpi-Pod® Programme components

NB: Pēpi-Pod® sleep spaces are not sold in isolation of the education, monitoring and programme support that make up the complete programme and so costings are for supplying the complete programme. Our 2023 prices reflected the impact of rising costs over 10 years, passed to us for materials, freight, energy, salaries, currency changes and more due to global and local influences. There will be **no price increases in 2024**.

C. Pēpi-Snug™ (an under the arm extra layer of merino for babies in cooler conditions)

Each year, as able using merino off-cuts, we try to supply the Pēpi-Snug™ as a tool to acknowledge positive safer sleep parenting practices. In 2016 we acknowledged *breastfeeding* role modelling. In 2017 it was *pillow awareness* in relation to safe infant sleep. Some services like to purchase supplies over and above these promotions so we have costed these below for current merino prices.
