

2026 NZ Price List: (current to 31st December 2026)

Pepi-Pod® Programme components

There is no change to pricing for 2026.

Understanding costs: Pepi-Pod® sleep spaces are not sold in isolation of the education and monitoring features that make up the complete programme. Costings are for supplying the complete programme. Prices reflect the impact of rising costs for materials, freight, energy, salaries, compliance, currency changes and more, that are passed to us. As well, cost-cutting in health is likely to reduce sales and with that reduce the benefits of economy of scale that we rely on to keep prices down.
