Advice from an expert

When we experience the death of someone we love, a funeral or memorial service fills several important needs.

- A service pays special tribute to your loved one's life, helping us acknowledge the death and remember the life during this naturally difficult time.
- It helps you face the reality of death, a first step toward taking grief from the inside and allowing us to express it on the outside through mourning.
- Friends and family may express the love and respect they feel. Often, just seeing how much others care can help a family adjust to their loss.
- Funerals and services are a means of expressing our beliefs, thoughts and feelings. It helps us acknowledge that someone we love has died and allows us to say goodbye.

The Ocean Reflections, Eco Water Urn, and Journey Earthurns are designed to break down in water. The floating time and timing to break down will vary based on water conditions and temperature. Thus, the urn must remain completely dry until it is placed in the water. Because of the delicate nature of the natural materials, the urn should be handled gently to prevent rips or tear. Do not ship cremated remains within the product.

ECO SCATTERING TUBES

Designed for scattering, each hand-made Eco Scattering Urn is rubbed with a natural oil to accentuate the grains and colors of the bamboo. The lid is secured with a strong, birch wood locking pin. From intricate patterns to heartfelt messages, our personalization offerings are designed to meet individual needs and desires. You have the freedom to select from our ready-made options or combine several designs to create a truly unique and meaningful tribute. Let us help you create a memorial that will honor your loved one's memory for generations to come.

ENGRAVING

Engraved designs, verses and/or names and dates will be adjusted to fit the size and shape of the product being engraved. Engraving designs may be an addition fee. Product size will determine the amount of engraving each product can accommodate. To determine whether a desired combination of engravings will fit on a specific product, please work with your funeral professional. Separate charges apply for each personalization placement and each type of personalization.

All engravings—including names, dates, text, designs, and photographs—on urns in this catalog are shown as examples only. All personalization is available for an additional charge, except where indicated. Note: Batesville cannot engrave or re-engrave an urn after it has been delivered to a family.
