How do you stay **SAFE**  
on websites and apps?

1

Understand that being safe online is similar to staying safe in real life.

2

Learn to identify websites and apps that are *just right* (and *not right*) for us.

3

Know how to get help from an adult if you are unsure about a website.

When you play outside  
or go for a bike ride in your  
neighborhood, what are some  
things you do to stay safe?

**JUST RIGHT:** something that's OK for your age.

What are some green websites or apps? How do you know they're safe and just right for you?

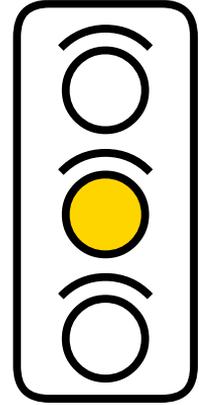

**DIRECTIONS:**

1. Think quietly about the questions.
2. Share your answers with a partner.

## WHAT IS A YELLOW WEBSITE OR APP?

1. It's one you're not sure is *just right* for you.
2. It has words that are hard for you to read.
3. It asks for personal information, like your name, where you live, or your phone number.
4. It might ask you to fill out a form.

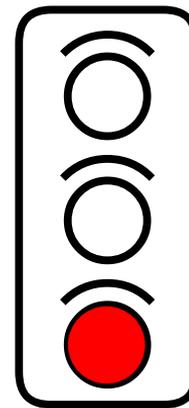

**CAUTION!**

**CAUTION:** being careful.

## WHAT IS A RED WEBSITE OR APP?

1. It has the same warning signs as a yellow one.
2. It's clearly not just right for you.
3. You might have gotten there by accident.
4. It's filled with pictures, words, and videos that are for older kids or adults.
5. It may let you chat with people you don't know.

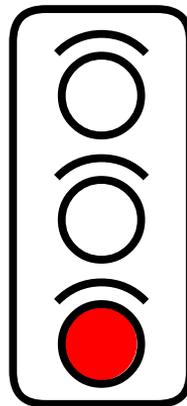

**STOP!**

Have you ever been on a red website or app? How did you know it was not right for you?

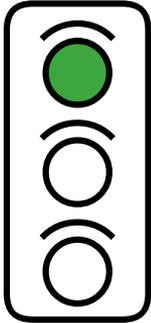

**DIRECTIONS:**

1. Think quietly about the questions.
2. Share your answers with a partner.
