FEBRUARY 2027

Throughout Lent, Living Stations of the Cross are planned by the youth. The invitation to participate is extended to all. Many new youth jump right in with longtime youth. This is no small sacrifice of time, but extremely worthwhile as it is a more than 40 days constant prayer and at least every Friday night gathering for practice with the youth. Many youth do it year after year for building a legacy of scripture study and prayer with maturity, by inviting and including younger youth. It is most meaningful experience for those willing to come together to share in the Lord's Passion.
