OUTSIDE PLAY & EDUCATION

We have our own secure outside play area at our nursery. We follow the national curriculum which includes outside play and development. Many children thrive outside and develop so we continue to observe and plan for the children to enhance their learning through play. We have two sheds where we store our outside toys which also gives the children independence to help them grow. Padiwacks also has a mini bus and we do take the older pre-school children on trips and to visit parks. In addition we take the children into the community and they visit the library, supermarkets and shops.
