SUMMER CAMP REVIEWS

KRUZ DOVOSKI

We had an amazing week in Spain training and playing against some great teams like Alethico Madrid and RCD Espanyol. Credit goes to Carlos and Ruben who ensured everything went like clockwork. Highly recommend Rush FC for any player or team looking for a football life experience .

SHERIF HARYDI

Well organised and passionate team of professionals. They are willing to take extra steps to help and support as and when needed. They care about all details of daily life not only football related issues and well connected with many Spanish football teams.

ANNA MARIA MERCADO

My sons trained with Spain Rush over the summer, while the clubs were on break, to keep up their skills and fitness level. They had a great time and made many new friends. The organizers and coaches are very professional and accommodating. It was a great experience for them.
