STANDARD SIZE - ideal for a home, garage, cupola, barn, or gazebo.
Dimensions: 23"L x 20"H x 23"W

COTTAGE SIZE - ideal for smaller structures, sheds and gazebos.

Materials and Finish

Good Directions Weathervanes are forged in copper and brass. The assembly rods are made of black powder-coated steel.

Polished Copper

Copper will age naturally in the weather; first to a dark penny shade, then to the familiar matte green patina in 10-20 years. To preserve the shine of the original polished copper, apply Incralac Spray Lacquer (see page 11).

Blue Verde Copper

A Good Directions exclusive! This custom finish is a patina achieved through an accelerated oxidation process and then hand-waxed to protect the finish.
