IT Bootcamp: Your Bridge to an IT Career!

Jumpstart your tech journey with this **FREE,** hands-on IT Bootcamp designed for **adult ESL students (Level 2 and above)!**

Build essential computer skills, from navigating Windows and using Microsoft Word to setting up email and searching the web with confidence. Get hands-on experience with computer hardware, troubleshooting, and basic IT support—all while developing the English you need for success in tech! This bilingual program makes it easier to learn and grow.

The program will **start in September**—no experience needed, just bring your curiosity and get ready to launch your future in IT!

Eligible students will receive **free tuition**, support services, and student success payments!

Information sessions can be scheduled by contacting us. Email us today to learn more or reserve your spot.

September start date Evenings (10 weeks) 5:30pm-8:30pm
