

Year 4 Autumn 1 Curriculum Newsletter

Complete Mathematics **Maths**

We will focus on year 4 number and place value and then move on to addition and subtraction. We will also be practising our times tables daily. Please make sure you are accessing Complete Maths and TT Rockstars.

English

This term we will be reading Oliver Twist by Charles Dickens. We will be writing a Biography about Charles Dickens along with a narrative story, retelling the infamous "more" scene.

History

Ancient Greece

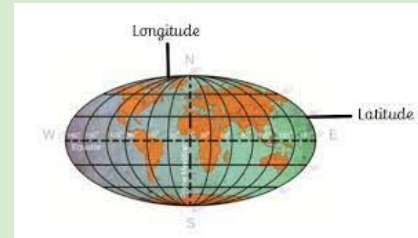

This term we will explore the lives of the Ancient Greeks, who they were, the city states they lived in and what democracy was at that time. We will discover who the great thinkers of Ancient Greece were too.

Geography

Spatial Sense

In Geography this term, we will be covering spatial sense, working with maps, understanding grid references and looking at the local area of Wisbech.

Year 4 Autumn 1 Curriculum Newsletter

RE

Christianity

In RE we will explore spirituality and what this looks like.

Science

The Human Body

In science lessons, we will be exploring the human body. We will look at: Cells and Nutrients, Teeth and Senses, Digestion, Preparing to Eat and Vitamins and Minerals.

Forest School

Children participate in hands-on experiences in the natural environment. They learn how to problem-solve and learn how to manage risks.

Art

Light & Dark

In art this term we will be looking at light and dark paintings and focusing on painting still life.

We will be using the chiaroscuro method to show contrast between the light and dark in our paintings.

PE

PE will take place on a Wednesday for year 4.

Please ensure children are arriving to school in a suitable PE kit.

We will also be swimming on a Friday morning from the 19th of September

Homework: We would like the children to practise their times tables through TTRS and Complete Maths. Weekly spellings will also be given to practise and daily reading with an adult should be encouraged.
