VOLUNTEER expectations

Tech boundaries: To help us be present with the people and each other, the project will be as **tech-free as possible**. Volunteers will have access to phones at designated times only.

Packing and spending: Volunteers will be asked to bring some relief goods, which we will be donating, in their check-in luggage. We also encourage limiting personal spending so we can live simply and give as much to the community as possible.

Prayer and reflection: Volunteers are welcome to attend daily Mass, prayer and rosary. The project will also include moments of reflection.

Code of conduct and health requirements: All volunteers will need to sign a code of conduct and complete any health requirements including vaccinations.
