# MASTER MOVERS QUICK MOVING & PACKING CHECKLIST

A simple, customer-friendly guide you can actually use.

## 6–8 Weeks Before Your Move

- Walk through your home and declutter—donate, toss, or keep.
- Measure doorways, stairs, and rooms in your new place.
- Start a small “moving folder” on your phone or laptop.
- Take photos of valuables for your records.

*If you’re not sure how to plan all this, this is the perfect time to schedule a **free packing consultation** with Master Movers Nashville so you’re not guessing your way through it.*

## 4–6 Weeks Before Your Move

- Start packing the easy areas: guest rooms, seasonal items, décor, books.
- Make a simple inventory list.
- Notify schools and start updating your address where needed.
- Confirm utility transfers for both homes.

*If this already feels like a lot of evenings and weekends, many of our customers switch to **full or partial packing services** at this stage — we can pack the entire home, or just the hard stuff like the kitchen, closets, and fragile items.*

## 3-4 Weeks Before

- Pack living room décor, media, and non-essential electronics.
- Pack extra bedding, off-season clothing, and anything stored under beds.
- Start using up freezer and pantry items.
- Confirm utility transfers for both homes.

## 2 Weeks Before

- Pack kitchen items you won't need over the next two weeks.
- Wrap fragile items carefully (dishes, glasses, serving ware).
- Pack bathroom backups, decorative items, and non-essential office items.
- Back up important computer files.

*If the kitchen, glassware, or breakables are stressing you out, this is a great moment to hand just that part to us with a **partial packing service** — for example, a “kitchen-only” or “fragile-only” pack.*

## 1 Week Before

- Finish packing kitchen and bathroom items (leave just a few essentials).
- Pack garage, outdoor items, and tools.
- Prepare your “essentials” bag: chargers, toiletries, medications, 1-2 outfits, documents, laptop, snacks, and basic tools.
- Back up important computer files.

## 2-3 Days Before

- Pack the last items except your absolute daily essentials.
- Empty the fridge and freezer.
- Do laundry and take out trash.
- Set aside items that need special care so our movers can prep them properly.

*Not comfortable packing TVs, artwork, mirrors, or other delicate pieces? Our team can step in with expert "last-mile" packing just for those items so you don't have to worry about how to protect them.*

## Moving Day

- Dress comfortably and keep your essentials bag with you.
- Do a final walkthrough: closets, cabinets, storage areas, garage, attic, and basement.
- Show the movers special-care items and the load/unload path.
- Before leaving, lock up, turn off lights, take photos, and leave keys as directed.

*If you booked Master Movers in Nashville, our crews can also help finish light packing, secure furniture, and wrap everything in our **professional-grade materials** so your belongings travel safely.*

# Helpful Extras From Master Movers

## Full & Partial Packing Services

Whether you want us to pack the entire home or just the kitchen, closets, breakables, or garage — we've got you.

You focus on life; we'll handle the rest.

## FREE Packing Consultations

Not sure where to start?  
One quick call, and we'll help you structure your packing plan.

## Professional-Grade Moving Supplies

Skip the flimsy hardware-store boxes.

- High-durability boxes
- Thick furniture pads
- Bubble wrap, tape, mattress bags
- Money-saving bundles
- Exclusive online discounts

These are the same materials our crews use every day.

# Labeling System Guide

## Color Code by Room

- **Green** = Kitchen
- **Blue** = Master Bedroom
- **Red** = Living Room
- **Yellow** = Kids' Rooms
- **Purple** = Bathroom
- **Orange** = Garage/Storage
- **Pink** = Office

## Label Each Box With

- Room destination (in large letters)
- General contents
- Box number (for inventory)
- "**FRAGILE**" or "**THIS SIDE UP**" if needed

**Pro Tip:** Label boxes on **TOP** and **SIDES** so you can see labels when stacked!

## Symbol System

- ★ = Unpack first (priority)
- 🌙 = Not urgent
- 脆弱 = Fragile/Handle with care
- ↑↑ = This side up

# Packing Tips to Remember

-  **Heavy items in small boxes** (books, tools, canned goods)
-  **Light items in large boxes** (linens, pillows, lampshades)
-  **Pack heavier items at bottom**, lighter on top
-  **No box over 50 pounds** (if you can't lift it comfortably, it's too heavy)
-  **Fill empty spaces** to prevent shifting
-  **Take photos of electronics** before disconnecting
-  **Pack plates vertically like records with padding**
-  **Use suitcases for heavy items** (they're designed for it!)
-  **Don't empty drawers with light items** (secure with stretch wrap)
-  **Keep cleaning supplies separate** for final clean
