At FIRM FOUNDATION MONUMENTS, we offer a variety of styles and colors of headstones. All of our headstones are sourced in the United States at a quarry in Barre, VT, that has been cutting and carving stones for over 123 years. Jordan, Blake and Dan started this venture so that we could further serve our families and communities with the same excellence and care beyond the funeral service. We are able to provide a very detailed example of what a headstone will look like before ordering and strive to provide a competitive price.

“Therefore everyone who hears these words of mine and puts them into practice is like a wise man who built his house on the rock. 25 The rain came down, the streams rose, and the winds blew and beat against that house; yet it did not fall, because it had its foundation on the rock.

Matthew 7: 24-25
