

Riley Motor Club Queensland Inc.

Riley Motor Club Qld.2025 – Introduction

The Riley Motor Club Qld. has been around for about 50 years with the last proper Riley being built around 70 years ago. We currently have very close to 100 members.

We have our own well equipped clubhouse and workshop at the Samford Show ground alongside the Men's Shed (<https://www.samfordshed.org.au/wspHome.aspx>) and invite you to drop in any Tuesday morning after 10am. for our get together and morning tea and to meet some of our enthusiastic members.

With no more Riley cars being built and those still around ageing we have opened our membership to all motor enthusiasts.

These days we welcome such people regardless of marque or model.

We aim to run events with other clubs, especially those of other deceased marques, such as Alvis, Studebaker, Rover, Humber, Vauxhall and Vintage and Veteran Clubs.

Check out our website (<https://www.rileymotorclubqld.org.au/>) and complete the Membership Application. We look forward to a long and fruitful association.

Please, remember to come to our clubhouse any Tuesday morning, after 10am. and meet some of our long term members or come along and introduce yourself at one of our events.

Regards, Club Secretary.
