

Year 1 Class Newsletter Spring Term 2026

We have an exciting term ahead of us in Year 1, where we have two interesting topics, which takes us up to the Easter Holidays. Our first topic is Enchanted Woodland, and our second topic is It's so Eggciting!

Spring 1

Enchanted Woodland

During this topic the children will be looking at natural environment around them. We will be looking at a range of fiction and non-fiction texts relating to our new topic.

This topic also links to our science unit of plants, where we will begin to look at different varieties of flowers and trees and will grow some plants ourselves! We also hope to have a school trip to Beth Chatto gardens to further explore this topic. More details will be sent out separately to this.

Spring 2

It's so Eggciting!

Our second topic is It's so Eggciting! In this topic we will be learning about the natural world. Through stories, non-fiction books and hands on activities, the children will discover how living things grow and change.

In this topic we will also we are hatching our very own chicks and learning how we can look after and care for them.

Reading

Reading books will be handed out on a Friday. These are the books that the children have been reading in groups in class.

Please ensure that your child brings in their phonic book everyday as we have reading groups throughout the week.

The children will also choose a 'reading for pleasure' book on a Friday each week.

Please encourage your child to re-read their book to develop their fluency in reading. Also, ask them questions about their book to develop their comprehension skills.

Please ensure you record your child's reading in their reading diary!

Maths

Maths homework will be set fortnightly on 'My Maths'. This will be set each Friday. Please let me know if you would like a paper copy.

PE

P.E. lessons are on a **Monday** and **Thursday**. Please come dressed in a P.E. kit, ensure earrings are removed or taped up prior to coming to school and hair is tied back.

Any problems or queries, please do not hesitate to contact me. I will be happy to discuss your child's progress at any point.

Thank you again for your support!
