

Summer Term 2025 in Year 1

The summer term is now upon us and is always full of learning experiences and excitement. The children have demonstrated such excellent resilience and compassion which I know will continue into the summer term.

English

This term, the children have been reading and enjoying Little Red Riding Hood, learning the story and writing their own. The children have read Stanley the Spider as inspiration for their letter writing and learnt about how to be a good friend. The children will continue to read, enjoy and be inspired by more stories, poems and non-fiction texts as the term continues.

Science

This term we have finished our topic of animals and humans and moved onto to learning about plants. We will be planting and growing beans!

PE

PE will be on a Monday and Thursday. Please ensure your child is dressed suitably for PE days. Please remember that earrings must be removed for P.E and long hair must be tied back.

Homework

A list of spellings will be sent home every Friday alongside a MyMaths maths task each week. The spelling test will be every Friday.

Maths

At the start of this term, the children learnt and practised how to multiply and divide numbers before moving on to fractions. They will also be learning about position and direction, time, money and developing their knowledge of number and place value.

Reading

Please continue to try to read at home as often as possible. We will still be changing books frequently in school and children will also have the chance to read with an adult in school too.

Please do not hesitate to contact Mrs Laban or Mrs Coxhead with any questions or queries.

Thank you in advance for all your support.

The year 1 team.
