

## **CDA4000**

---

Electric height and tilt  
adjustable shower trolley

# CDA4000 shower trolley

## THE CDA4000 SHOWER TROLLEY FEATURES ELECTRICAL HEIGHT AND TILT ADJUSTMENT WITH A BATTERY POWERED SYSTEM

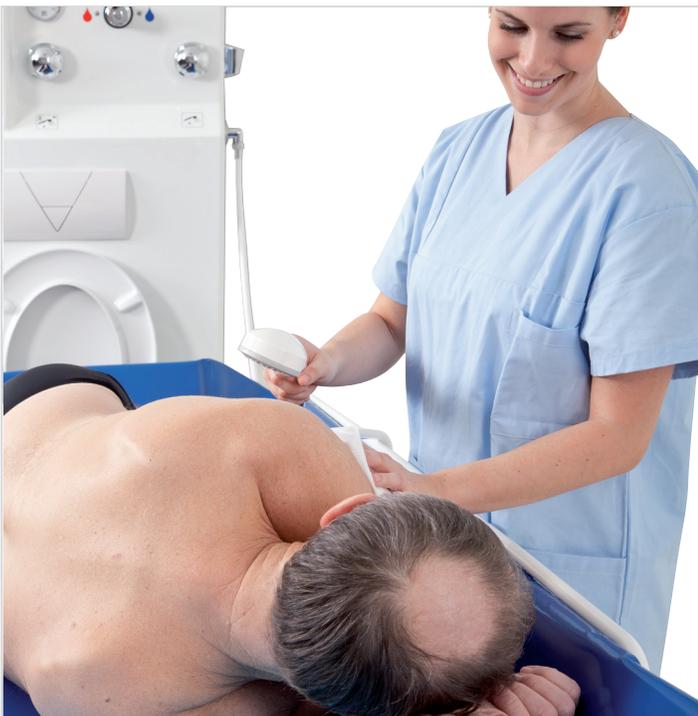

Manufactured in Canada, the CDA4000 meets the highest standards of quality and reliability. The CDA4000 is the ideal device to give a safe, efficient and comfortable shower to people who need a high level of care.

### RELIABILITY AND COMFORT

With its upper frame completely made of stainless steel, the CDA4000 shower trolley is easy to disinfect and offers maximum durability. The battery powered adjustment of the height and angle of the table, using the remote control or foot pedals (available in options) provides ergonomic and safe working conditions for the caregivers. Moreover, the mattress of the stretcher is made of durable, comfortable and warm to the touch vinyl. The sides of the mat are designed with a semi-rigid foam offering a better support during use, whereas the bottom of the mattress has a soft 2 inches thick foam that maximizes patient comfort. And in case of special needs, such as IV pole or higher side rails for instance, feel free to contact us and we will be pleased to offer you a solution to meet your needs!

### KEY BENEFITS OF THE CDA4000

- Electrical height and tilt adjustment
- Multifunctions remote control
- Upper frame and side rails made of stainless steel
- 2 inches thick mattress, comfortable and easy to clean
- Semi-rigid sides of mattress (better support)
- Corners of mattress includes rigid foam (better support)
- Foldable side rails using one hand
- 1 straightforward wheel for easy handling
- 3 total lock wheels
- 51 mm (2 in.) diameter drainage hose
- Drain plate removable for an easy cleaning
- Maximum patient weight: 180 kg (400 lbs)
- Width inside mattress : 61 mm (24 in)
- Overall width : 800 mm (31,5 in)
- Length inside mattress : 1 875 mm (73,8 in)
- Stretcher table height : 648 to 940 mm (25,5 to 37 in)
- Easy to repair using standard components
- 100 % designed and manufactured in Canada
- ConfortMedic technical phone support 24/7

## OPTIONAL FEATURES

### HEIGHT ADJUSTMENT BY FOOT PEDALS

The height adjustment pedals allow the caregivers to conveniently adjust the height of the stretcher while keeping hands on the resident.

### TILT ADJUSTMENT BY FOOT PEDALS

The tilt adjustment pedals allow the caregivers to conveniently adjust the angle of the stretcher while keeping hands on the resident.

### DIGITAL SCALE (PATIENT WEIGHT)

This unique digital scale system allows the caregivers to quickly measure the patient weight without having to do another transfer. The weight is displayed in kilograms on a small digital unit fixed under the upper frame.

### LARGE TRIANGULAR OR ROUND PILLOW

To enhanced resident comfort, a large triangular pillow is offered as a standard feature. ConfortMedic can also provide a small round pillow to install under neck or under knees when needed.

### FOLDABLE HEAD SIDE RAIL

The optional foldable head side rail provide easier access and care to the head of the resident. It can also be a convenient feature for tall resident.

### EXTRA WIDE UPPER FRAME

The extra wide upper frame provide an additional 4 inches inside the mattress (710 mm - 28 in).

### CUSTOM MODIFICATIONS

If you require special modifications such as IV pole or custom stretcher table dimensions, please contact us and we will be happy to help you.

## BENEFITS

### KEY BENEFITS FOR YOUR NURSING STAFF

- Very safe and reliable shower solution
- Smooth and quiet height adjustment
- Remote control for height and tilt adjustment
- Foot pedals to control the stretcher (optional)

### KEY BENEFITS FOR INVESTORS

- Upper frame made of stainless steel (resistant)
- Most components are made in Canada
- Low maintenance cost and long life expectancy
- Easy to get spare parts at reasonable prices

### KEY BENEFITS FOR YOUR RESIDENTS

- Higher comfort with 2 in. thick mattress
- Warm to the touch and resistant mattress
- Allow a complete body wash

### KEY BENEFITS FOR TECHNICAL SERVICES

- Standard brand components reduce maintenance costs
- Reliability proven over many years of experience
- Robust mechanism
- Free of charge ConfortMedic technical support over phone

Linak control box and batteries included

Digital scale to measure patient weight (kg)

## TECHNICAL DATA

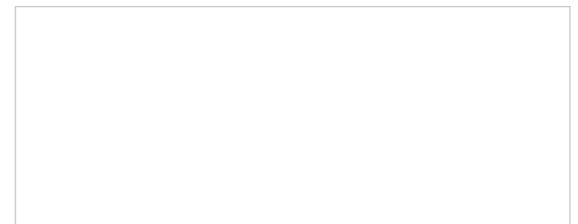

Overall length	2 051 mm / 80-3/4 in
Length inside mattress	1 880 mm / 74 in
Overall width (standard frame - 24 in)	762 mm / 30 in
Width inside mattress (standard frame - 24 in)	610 mm / 24 in
Overall width (with optional enlarged frame - 28 in)	864 mm / 34 in
Width inside mattress (with optional enlarged frame - 28 in)	711 mm / 28 in
Height adjustment of stretcher table	648 - 953 mm / 25,5 - 37,5 in
Height of side rails (from stretcher table)	178 mm / 7 in
Maximum angle of stretcher table	5 degrees
Maximum patient weight	181 kg / 400 lbs
Total weight (empty)	109 kg / 240 lbs
Power supply	24 V battery
2 inches thick mattress	Included
Semi-rigid mattress sides offering better support	Included
Upper frame 100% stainless steel	Included
Rechargeable batteries (2X) and external charging station (1X)	Included
