LocaMed
surgery in safe hands

Welcome

Established in 2000, LocaMed Ltd is a worldwide trusted supplier of Disposable (single use) Laparoscopic Instrumentation, Ligation Products and Surgical Stapling, as well as associated products and procedure packs.

With over 40 years' experience of medical device markets worldwide, we have access to leading surgeons, manufacturers and strategic partners all over the world. This keeps us at the forefront of new developments, so we remain equipped to meet the needs of healthcare providers.

Supported by a highly trained sales team and dedicated customer service department based at our head office in the UK, LocaMed puts service at the heart of everything we do. We understand the evolving needs of healthcare professionals and offer the flexibility and reliability required in today's fast-moving medical landscape.

Our manufacturing roots combined with our extensive experience in distribution, has enabled us to bring together an exciting portfolio of market leading products covering the full laparoscopic speciality – all designed to enhance safety, usability and surgical efficiency. We understand the importance of a high-quality product range that is cost-effective without compromising patient care, which is why our **Lap.Works**, **Liga.Works** and **Staple.Works** brands are trusted around the world.

Together with our global partners, LocaMed remains committed to delivering better outcomes for patients and more value for healthcare systems.

- Simple ordering
- Fast delivery
- Specialist support
- Honest customer care
- Innovation and excellence
- Savings opportunities

LocaMed
surgery in safe hands

Our range

Lap.Works

Disposable Laparoscopic Instruments
The Lap.Works™ range is our trusted range of Disposable (single use) Laparoscopic Instrumentation. We openly work with international clinical staff to foster a continuous improvement culture, and their feedback forms a critical part of our product development to supply this high-quality range.

Liga.Works

Ligation products
The Liga.Works™ range is our well-known brand of Ligation products matching the most popular styles on the market. Our reliable products are used in both NHS and Private operating theatres, and are trusted by healthcare professionals around the world.

Staple.Works

Surgical stapling
The Staple.Works™ range is our latest product line. The LocaMed team has many years' experience in the field of surgical stapling, which has enabled us to develop this range of high quality, popular stapling products.

Lap.Works

Trocars

LocaMed trocars ensure firm fixation, minimizing intra-abdominal depth and maximising working space and visibility.

Click-In Design
Obturator with click-in design for secure and stable trocar insertion

Universal Seal
Universal seals in different dimensions accommodate a wide range of instrument sizes

Anchor Grip with Ring Fixation* / Gel Fixation
Provides atraumatic and air-tight external fixation

*All codes ending with 'R' have a ring fixation

Balloon
Latex-free balloon enhances internal stablization and minimises fascial trauma
