Established in 2000, LocaMed Ltd. is a trusted British brand and supplier of laparoscopic instrumentation and associated surgical products for healthcare professionals worldwide.

With over 15 years of manufacturing experience, LocaMed is a true expert in the field of laparoscopic technology. Our product range covers the full laparoscopic speciality and includes innovative instruments, polymer clips, staplers, and accessories — all designed to enhance safety, usability, and surgical efficiency.

LocaMed works closely with trusted, high-quality suppliers who offer exclusive designs tailored specifically for our brand. This enables us to offer a unique and high-performing portfolio that delivers both clinical excellence and cost-effective solutions, without compromising patient care.

Supported by a highly trained sales team and a dedicated customer service department based at our head office in Farnham, Surrey (UK), LocaMed puts service at the heart of everything we do. We understand the evolving needs of healthcare providers worldwide and offer the flexibility and reliability required in today's fast-moving medical landscape.

Together with our global partners, LocaMed remains at the forefront of innovation — helping deliver better outcomes for patients and more value for healthcare systems.
