### Summer Storm Safety

Thunderstorm season is here and with it comes heavy rain, wind and lightning that can cause unexpected power outages.

The Lakeland Power Co-op linemen continually work on preventative maintenance to reduce outages, but we cannot prevent outages caused by the wild Alberta weather we occasionally experience.

We would like to remind our members to please stay clear of downed lines, trees, or other objects that may be touching powerlines. Always assume downed lines are live and dangerous.

Call us at 1-866-635-6112 or call 911 in the event of an emergency.
