Power Line Safety - Remember to Always Look Up!

Farm equipment is getting larger. While bigger machinery improves productivity, it also increase the possibility of coming in contact with overhead power lines.

Always look up before operating equipment, machinery or raising implements.

Be extra cautious when moving tall equipment around the yard and exiting or entering fields from roadways.

Our linemen are available to measure the powerlines for you to ensure a safe planting season.

2023 Stable Rate Option Contract

The 2023 Stable Rate Option Contract is **11.2 cents/kWhr.**

If you would like to switch over, please contact the office!

The RRO for the month of May is 15.851 cents/kWhr.

RRO Deferral Repayment

Repayment of the RRO deferral for January, February and March begins on April invoices.

This repayment ONLY affects members who are on the RRO.

You can check if you are on the RRO by looking on the second page of your invoice under energy charges as per below:
