One Marketing Suggestion

For Market Partner ads, use the word "**Secure**" much more often than "**Join.**"

For example:

- Secure Your Territory
- Secure Your Future
- Secure Your Market
- Claim Your Territory
- Reserve Your Territory
- Own a Market
- Unlock a Territory
- Invest in a Territory

These words appeal to an investor's mindset. They create a sense of exclusivity, ownership, and scarcity, which is much more persuasive for the audience you're targeting than recruitment-style language.
