THE COST OF INACTION

What Happens When You Wait

85M jobs will require AI skills by 2030. The \$1.2T economic gap grows daily.

Lost Grant Funding

Grants require tech readiness metrics. No data = no advantage.

Widening Disparities

Every year without AI widens gaps in healthcare, mobility, education.

Operational Inefficiency

Manual processes cost thousands of hours annually.

Missed Economic Impact

Tech communities attract investment. Without readiness, growth stagnates.

ENGAGEMENT OPTIONS

Assess

TSDOH evaluation and report
