

Rida Riser Doors

Finishing & Decoration

Customise your doorset to suit your interior. As standard, the Rida doorset receives a powder coated finish, ready to be installed, overpainted or wallpapered.

Powder Coated Dead Matt

Standard RAL 9010

The matte finish is available in a standard RAL 9010 colour. Leave it unpainted, or paint it over with emulsion to match the rest of the wall to conceal the door. Alternatively, the door can be wallpapered* to match your surrounding decor.

*Wallpaper fire rating suitability assessment required.
