

YOUR GUIDE TO  
WORKING WITH  
CONSILIUM  
HORTUS  
GARDEN DESIGN

# Welcome

---

**Thank you for downloading this guide.**

If you're ready to transform your outdoor space into a beautiful, purposeful, luxury landscape, you're in the right place.

At Consilium Hortus, we specialise in creating elegant, lifestyle-led gardens that balance architecture, planting and outdoor living.

We'd love to start with a complimentary video design consultation.

# Who we are

---

At Consilium Hortus we believe your garden should be far more than a lawn and patio. It should be an extension of your home, your lifestyle and your character.

We are an award-winning garden and landscape design studio based in Essex, working across East Anglia, London and beyond.

Our team combines architectural thinking, horticultural expertise and a deep love of creating outdoor living spaces that feel both timeless and deeply personal.

GARDEN DESIGN

# Who we are

---

We partner with trusted craftsmen and contractors to ensure your project is delivered with care, precision and quality from concept right through to completion.

Whether your site is a large country estate, a suburban plot or an intimate urban courtyard, our goal remains the same: to design a garden that works brilliantly for you, year-round.

Ready to talk?

**[Click here](#)** to book your free design consultation with us. It's a relaxed, no-obligation video call so we can explore your vision together.

# What we do

---

Our service offering is tailored to discerning clients who want more than a “garden makeover”.

## **Bespoke Garden & Landscape Design**

We create unique concepts rooted in your lifestyle, site conditions and architectural context.

## **Planting Design and Supply**

We craft rich, layered, seasonal planting plans with texture, colour and movement, and source exceptional plants and trees from trusted growers. and map out the next steps. [Click here to schedule your free video consultation.](#)

# What we do

---

## **Outdoor Living Features and Build Coordination**

From the initial sketches to construction supervision, we manage the full journey.

## **Collaboration & Project Mointoring**

We work seamlessly alongside homeowners, architects and contractors to keep design integrity at the heart of the process.

We invite you to join us on a discovery call, where we'll explore your ambitions, show you how we work and map out the next steps.

# Features

---

As a luxury design studio, we specialise in integrating premium outdoor-living features seamlessly into the garden architecture. Some of the features we regularly incorporate:

- **Hot Tubs & Saunas** – Create a private wellness retreat in your garden.
- **Pergolas & Garden Rooms** – Extend the home into the outdoors with structures that provide shelter, style and year-round usability.
- **Pools** – From sleek modern designs to naturalistic water-features, we craft pools that feel integrated into the garden, not just dropped in.

# Features

---

- **Outdoor Kitchens & Dining Areas** – Culinary experiences outdoors: crafted for ease of use, elegance and entertaining in style.
- **Fire Tables & Fireplace Areas** – A gathering spot for cooler evenings, thoughtfully placed to maximise ambience and view.
- **Planting-led Spaces** – Combining hardscape and softscape to soften edges, frame views and create mood.

# Features

---

Each of these elements is selected and located to suit your site, lifestyle and budget – ensuring coherence, flow and a sense of quality throughout.

Interested in seeing how your garden might incorporate one or more of these features?

**Book your complimentary video call now**, and let's start the conversation.

# Planting Plans

---

Beautiful gardens depend not only on form but on planting that thrives, evolves and delights. And we take planting seriously.

Our planting plans are created with a rich palette of plants selected for texture, seasonal interest, long-term performance and individual character.

We draw on horticultural expertise to specify plants appropriate for your micro-climate, soil and light conditions—so you get visual impact and sustainable growth.

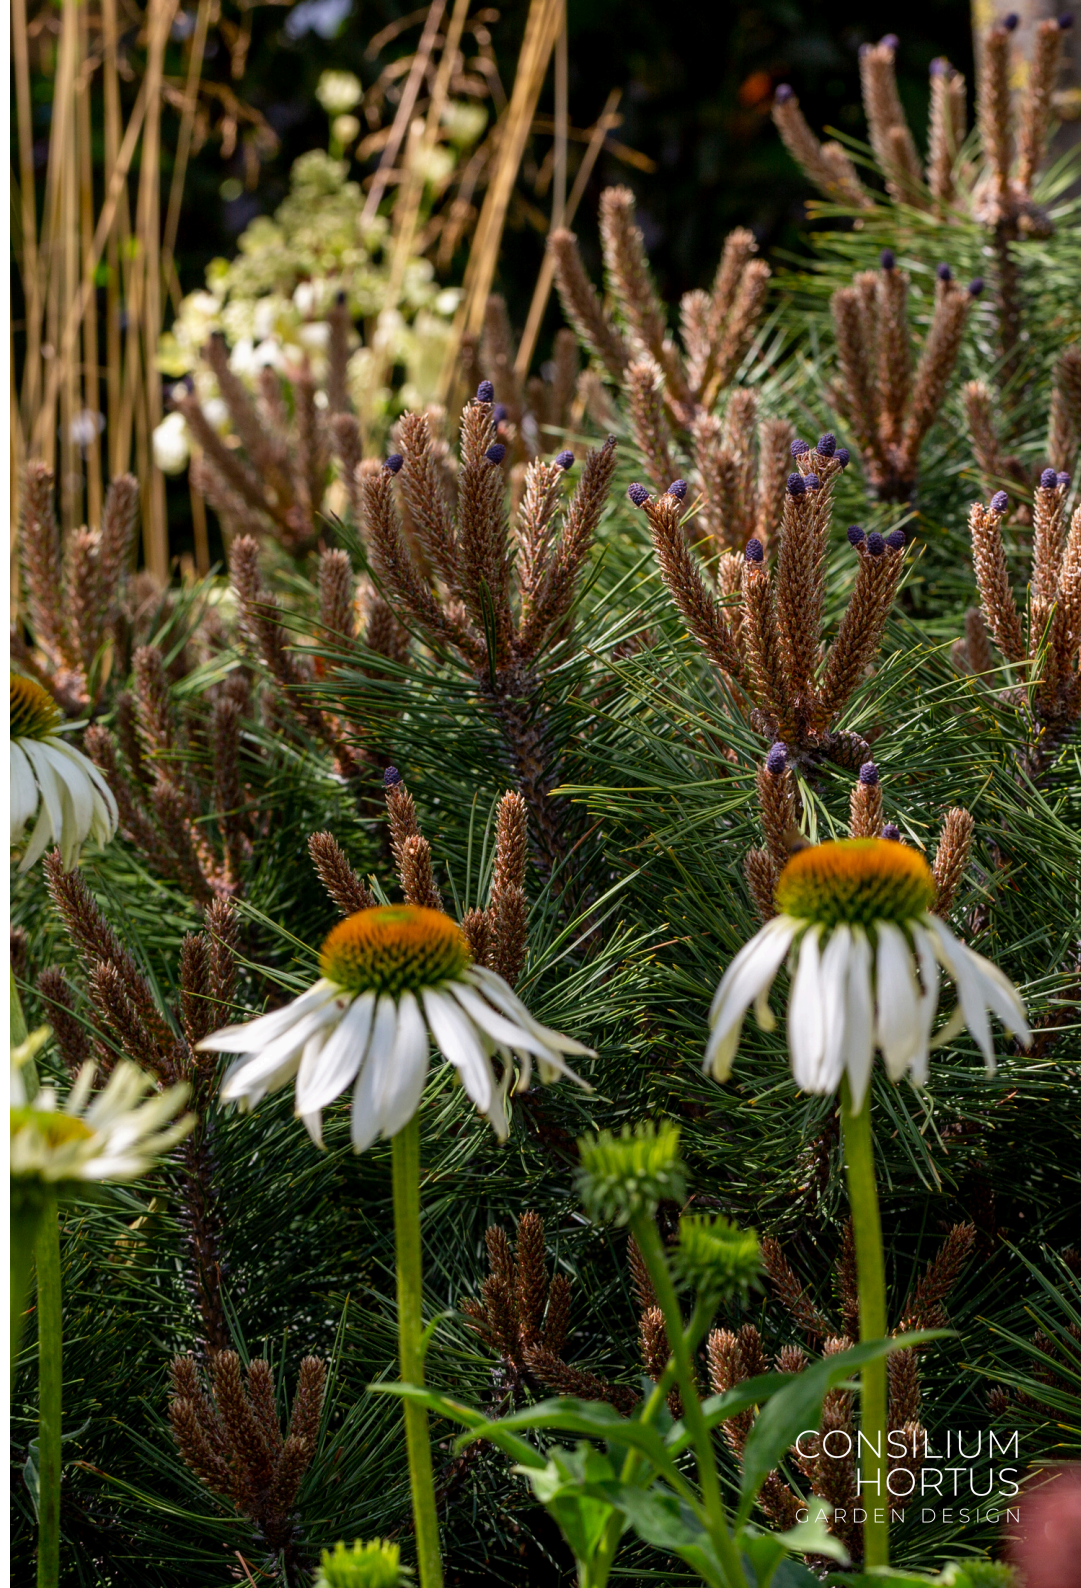

# Planting Plans

---

We ensure the planting is integrated with the hard-landscape and feature elements, so the garden feels unified, balanced and intentional.

When you book your consultation, we'll walk through how we develop planting concepts, how we specify plants, and how we transition from plan to planting in the build phase.

# FAQs

---

Here are some of the questions most commonly asked by clients. If you have any others, we'd be happy to answer them in our video call.

**Q: What scale of project do you work on?**

A: We specialise in high-end garden design and landscaping, with project values often in the premier tier.

**Q: Where do you work?**

A: Based in Essex, we work across East Anglia, London and the Southeast – and we're happy to discuss sites further afield depending on project scope.

# FAQs

---

## **Q: What is the process and timeline?**

A: The process always begins with a consultation, followed by concept design, detailed planning, build and planting. Timeline depends on scale, features, permissions etc – and we'll walk you through that in our first call.

## **Q: Can you integrate features like pools, saunas, outdoor kitchens?**

A: Yes — we regularly design gardens incorporating these premium features and manage the coordination with specialist contractors.

# FAQs

---

**Q: What if I don't yet know exactly what I want?**

A: That's perfectly fine. Our job is to help you shape the vision, evaluate the possibilities, and build a design framework that suits your space and lifestyle.

If you'd like to ask more questions, or simply start the process, let's talk.

**[Click here](#)** to book your complimentary design consultation via video call today.

# Next Steps

---

Ready to turn your garden dreams into reality? Here's what to do:

**Book your free video design consultation.** We'll explore your site, your aspirations, and how we can help.

We'll send you a **tailored proposal and design brief** based on our conversation.

If you're ready to proceed, we'll **commence the design phase**, keeping you informed every step of the way.

# Next Steps

---

At Consilium Hortus, we're committed to creating gardens that are beautiful, functional, timeless, and distinctly yours.

**[Click here to schedule your complimentary consultation.](#)**

We look forward to speaking with you.
