Darwin Airport Resort Celebrated at NT Hospitality Awards

Three Prestigious Wins Recognise Excellence in Tourism and Accommodation

Airport Development Group (ADG) is proud to announce Darwin Airport Resorts' outstanding success at the 2025 Northern Territory Hospitality Awards, taking home three accolades that recognise the dedication, creativity, and commitment of the team behind this exceptional tourism destination.

The Resort, owned by Airport Development Group and managed by Accor, was recognised in the following categories:

- Best Marketed Accommodation Hotel
- Best Outdoor Area – Splash Café
- Rising Star Award – Joe Lynch, Sales Manager

These awards are a testament to the ongoing transformation and investment in Darwin Airport Resorts over the past three years. Since acquiring the asset, ADG has undertaken significant upgrades, including the refurbishment of rooms and amenities and the creation of a world-class 60-metre lagoon-style pool that continues to delight both visitors and locals.

Tristan Cribb, Executive General Manager Commercial at Airport Development Group, congratulated the team:

"Darwin Airport Resorts has quickly become a standout destination in the Territory's tourism offering. These awards recognise not only the incredible facilities we have developed but also the people who bring the experience to life every day. Special congratulations to Joe Lynch, a deserving Rising Star who reflects the professionalism and passion we value at ADG."

General Manager of Darwin Airport Resort, Raymond Bragg, also acknowledged the collective effort behind this recognition:

"These awards belong to every member of our hardworking team. From Sales & Marketing to Food & Beverage, Guest Services to Landscaping, everyone plays a role in creating the welcoming, high-quality experience our guests enjoy. We're especially proud to see Joe's dedication recognised, he's an integral part of what makes our resort shine."

Situated just a stone's throw from Darwin International Airport, the gateway to the Northern Territory, the resort is ideally placed to offer a seamless arrival experience. ADG is committed to enhancing this connection between airport and accommodation, making it easier than ever for travellers to begin their Top End adventure in comfort and style.
