Additional Information:

Camp is rustic. It can dusty and/or muddy depending on the weather. We are a casual camp with daily competition, so plan accordingly. You will also be doing a lot of walking around the camp ground on unpaved, rocky ground. We don't recommend that you bring shoes that will be difficult to walk in or that don't need to get dirty.

Also, be aware that ATT cell service is spotty and doesn't get a signal inside of the buildings.
