

# Vermont Lead Law Real Estate Transaction Disclosures

Real estate transactions involving residential properties built prior to 1978 are subject to certain requirements of the Vermont Lead Law, 18 V.S.A. Chapter 38, § 1767. Under that law, the seller is required to provide the buyer with specific materials and information prior to executing a purchase and sale agreement, prior to sale and at the time of sale. These requirements do not apply if the property has been certified lead-free by a Vermont licensed lead inspector or lead risk assessor.

All required brochures and information sheets are available for download on the Department of Health website at: [www.healthvermont.gov/enviro/lead/lead.aspx](http://www.healthvermont.gov/enviro/lead/lead.aspx) and go to “Real Estate Transactions.”
