FRYMOYER STONE

FABRICATION & SUPPLY

GOVERNMENT CONTRACTING CAPABILITY STATEMENT

COMPANY OVERVIEW

Established in 2016, Frymoyer Stone Fabrication & Supply is an Iowa-based specialty fabricator and supplier of architectural limestone, natural stone veneer, and masonry materials. We serve contractors, facilities teams, and project owners with custom stone components, replacement pieces, and project-specific material sourcing.

CORE CAPABILITIES

- Custom architectural limestone fabrication and precision cutting
- Limestone sills, caps, lintels, surrounds, radius and shaped pieces
- Historic stone replication and architectural replacement components
- Natural stone veneer sourcing and masonry supply distribution
- Stone engraving, sandblasting, and specialty fabrication

COMPETITIVE DIFFERENTIATORS

- Specialty-shop focus on custom and smaller-scope fabrication needs
- In-house stone-cutting and shaping equipment
- Access to multiple natural stone and masonry product suppliers
- Experience matching stone color, texture, and architectural profiles
- Responsive, project-specific estimating and material coordination

POTENTIAL GOVERNMENT APPLICATIONS

Public facility repairs | Architectural stone replacement | Campus maintenance
Landscape and site stone | Memorial and engraved stone | Masonry materials
