These tests cannot detect all risk factors for all conditions, such as and including the presence of coronary artery disease. Those with abnormal results should discuss possible next steps with their family healthcare provider and ensure they understand the risk and benefits of any additional testing or procedures.

Our Laundry Ministry is expanding.

We have received extra requests to use our washers and dryers in the basement of the education building. That is wonderful and it is a joy to be able to help people in this way.

Since the requests are increasing, it is important that people let the church office know when someone wants to use the facility.

Our Admin Assistant Judy has the calendar in place. Please let her know if someone else asks so there are no double bookings. Also, we've had some no shows as well so a cancellation would be helpful, too!

Thank you for your time!

Peace always! Pastor Brian
