4. The state will start in late 2026 2027 to work on Hwy.164 south of Hwy Q. They will also include the driveway approach to St. Columba.

The question is blacktop and closing off the gate located on Hwy 164

with a turnaround as depicted on legacy. Mary will contact Kevin Stauss and Gil Frank to see if there is enough room for equipment.

Thoughts of the middle service road to be eliminated due to cost per previous bids.
