

Cemetery Committee St.Gabriel meeting September 17,2025

Present: Mike Reichert

Dick Lemminger Jr

Dick Lemminger

Bob Rauch

Mary Frank

Meeting started at 10:05 am

Update on current concerns:

- 1) St.Columba rezoning to institutional is complete but there are 7 legal descriptions on this land that must be reviewed. The surveyor and lawyer are working on this. Mike assured that it will take a while but will get done.
- 2) St.Huberts drainage issues still being assessed by Justin Walters and a time line of spring of 2026 is in the future. This will still need to be reviewed with Timberstone.
- 3) Tree trimming per Dick has been done at St.Huberts and also reviewed by Mike that some tombstones have been repaired. Miller Monument did repairs of \$3,495.00 on badly needed fallen stones. Confirmation will be done before payment sent out.
- 4) Pricing of plots is on hold.

New discussions:

1. New information came from the Archdiocese about columbarium. This requires unanimous consent with directors before any construction.
2. Information signs for St.Mary's, St.Huberts, and St.Columba cemeteries must go up before frost sets in. After lengthy discussion about Mike contacted Matt Lauersdorf from Hartford Landscape. Matt is a parish member and has agreed to put the signs in the week of October 6,2025. He has the equipment and help to get this done in a timely matter. Dick,Bob and Dick will make out where they should go on those properties.

Next meeting is scheduled for Oct.14,2025 at 10:30 am
