Opening prayer: Mike Reichert

Call to order: Plot pricing still must go to finance for a bundle price where perpetual care would be added at time of plot purchase. A separate fund may be needed but Mike to work out issues. Todd told history of perpetual care that was missed for many years and all agreed documentation is an important issue. Expectations would be for a fall increase on plots and perpetual care.

Todd also talked about cremation plots at St.Huberts and the need to do a columbarium instead due to boulders in the ground of he cemetery. Also a consideration of columbarium at St.Mary's due to inquiries for families of St.Mary.

All considerations are to be explored. Our drainage issue is still needed at St.Huberts and resolved.

2. Fence line St.Columba and tree trimming at St.Mary are next to clean up. Dick Jr. will get bids to do this . Tree must be removed and -stump grinding St.Columba with bid.
3. Notification went out and should be repeated weekly until Easter about clean out.
4. Discussion about tear up of grass from plows and solutions this is on going and be be discussed more.

next meeting ;

Grave stone review repairs Mary will give assessment in all cemeteries.

Clean up discussions when and who.

Final on pricing and date

Drain plan

Next meeting:

April 14,2026 10:00 am

Closing prayer Mike

Mary Frank
