

## › Voluntary Critical Illness Insurance

**An unexpected critical illness can have a lasting impact on you and your family – physically, emotionally and financially.**

As an active employee of Diversified Logistics Management, Inc., you can give your family the extra security they need to lessen the financial impact of a serious illness by purchasing Critical Illness insurance through United of Omaha Life Insurance Company.

A critical illness insurance policy provides a lump-sum cash benefit upon diagnosis of a critical illness like a heart attack, stroke or cancer. The benefit can be used to pay out-of-pocket expenses or to supplement your daily cost of living.

### How much insurance is enough?

Even if you have the best health insurance plan, it will not cover 100 percent of medical expenses. You also need to consider other expenses associated with the recovery process – time off work, travel to treatment centers, home modifications – that may quickly deplete your savings.

Coverage guidelines and benefits are outlined in the chart below.
