PROGRAM DESCRIPTION

Private Lessons with one of our most experienced instructors. Tier 2 Instructors have extensive experience teaching swimming lessons, coaching competitive swim teams, hold advanced certifications, and/or have additional training to work with specialized populations (e.g. individuals with additional or unique needs or with specific competitive swimming goals).

Our Tier 2 Instructors are the best choice for children that are particularly fearful of learning to swim, adults who are learning to swim themselves or want elite tips to improve the swimming leg a triathlon, and for any swimmers with unique or additional needs.
