### Momentum Continues for Golden Gate Village as MHA Greenlights Next Phases of Revitalization

On April 14th, MHA's Board of Commissioners unanimously approved a series of actions that will allow Burbank Housing to submit a Low-Income Housing Tax Credit (LIHTC) application this May to secure funding for phases 2 and 3 of the GGV revitalization. Approximately 400 residents will see their homes revitalized following the application's approval and the award of the tax credit.

"We are moving from planning to action," said Larry Florin, CEO and President of Burbank Housing. "By applying to secure funding for these final phases, we are one step closer to fulfilling our promise to provide all Golden Gate Village residents with the modern, high-quality homes they deserve."

"This unanimous vote is a clear signal of our unwavering commitment to the residents of Golden Gate Village", said Mary Sackett, Supervisor District 1 and MHA Board President. "This project is not just about revitalizing homes - it is about investing in the health and future of the residents that are the heart of this historic community."
