Impact Report 2024

the tree house
Child Advocacy Center of Montgomery County, MD
Where hope and healing take root

WHY CLIENTS COME TO TREE HOUSE

The children we serve have experienced the unimaginable, reporting at least one and often more than one of the following types of abuse:

"Other" includes Mental Injury, Bullying (Verbal, Cyber, or Physical), Problematic Sexual Behavior, Witness to Physical and/or Sexual Abuse, Kidnapping, Sex Trafficking, Labor Trafficking, Teen Dating Victimization, Witness to Homicide, Internet Crimes, and others.

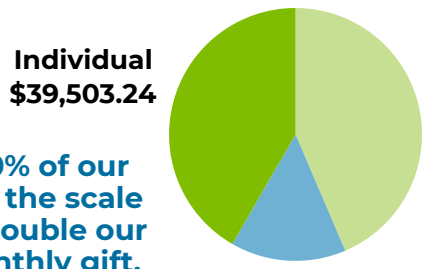

BEHIND THE NUMBERS

Tree House monitors qualitative success and progress in addition to client experiences. In 2024, these included:

- **Eliminating our waiting list** while expanding services to a broader range of child victims
- Creating a **full-time Forensic Interviewer position**, who helps us conduct **90%** of all county forensic interviews
- Launching our H.O.P.E. Program, **providing specialized therapeutic services for children aged 7-12** with Problematic Sexual Behavior issues
- Providing immediate support through our Temporary Trauma Therapy (T3) program to **all children in the county removed from their homes, and the foster families that care for them**
- Delivering more than **two dozen presentations** to organizations including Montgomery County Public Schools, Department of Health & Human Services, police departments, and more community partners.

OUR FINANCIALS

In 2024, people like you contributed **$94,802** through individual donations, corporate partnerships, and fundraising events. Currently, donations make up approximately **6%** of our annual budget.

As an organization with intentionally low overhead costs, 100% of our budget is used to operate and expand our programs to meet the scale of need in Montgomery County. Please consider helping us double our individual giving total this year by committing to a small monthly gift.

TEXT TREEHOUSE TO 26989

With your help, we can ensure that every child has access to the comprehensive services they need, including medical care, forensic interviews, therapy, and ongoing support—**at no cost to their families.** By becoming a monthly donor to The Tree House, **you can help more children along their journey to healing, from start to finish.**
