

Extend the life and maximize the durability of your driveway with our Annual Driveway Protection Plan. Sealcoating and Crack Filling are an excellent way to keep your driveway looking fresh and protected.

How does it work?

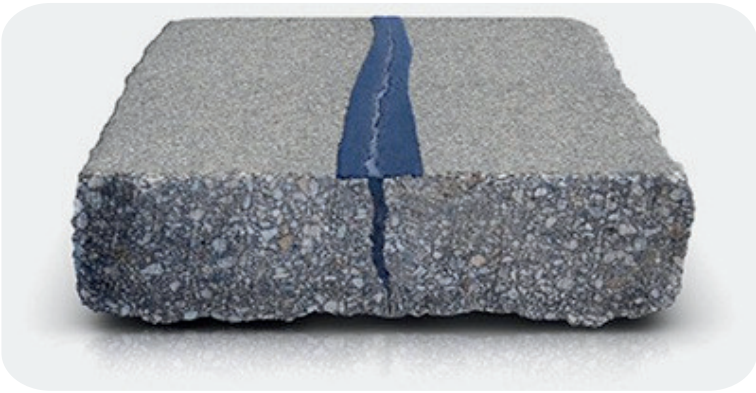

- We will provide you with a price to sealcoat your driveway based in the size and condition.
- You are set up on a schedule to sealcoat your driveway every 2 years.
- We automatically contact you and arrange the service each time.
- On the years you do not sealcoat, we will fill the driveway cracks before the winter.
- You also get a driveway inspection service every 2 years to check for any updates or additional maintenance required

The crack filling service is \$98 for up to 100 feet of cracks. If you have more cracks, the additional cost would be \$1.00 per foot. The chart below shows a payment structure over 5 years.

| Year          | 1 | 2 | 3 | 4 | 5 |
|---------------|---|---|---|---|---|
| Sealcoating   | X |   | X |   | X |
| Crack Filling |   | X |   | X |   |
| Inspection    | X |   | X |   | X |

Driveway Inspection Plan

If you do not want to commit to the Driveway Protection Plan, sign up for our FREE 2 year inspection plan! Every 2 years we will stop by to check out your driveway to see how it is holding up and provide your with any recommendations.

| Benefits                                                                                                                                                       | Driveway Inspection Plan | Driveway Protection Plan |
