Offers Over £295,000

A rare opportunity to purchase an early Victorian Neoclassical two storey, B Listed, terraced townhouse in the heart of the West End of Dundee.

There are spectacular uninterrupted views over Magdalen Green towards the River Tay and Fife hills beyond.

The West End has a wide range of independent retailers, bars and restaurants, all of which are within easy walking distance as is the University of Dundee and the City Centre. The area has excellent public transport connections from the Perth Road to Ninewells Hospital and the rest of the city. Dundee Railway Station and the Airport are only a few minutes drive away.

The property has been in the ownership of the same family for many years and would now benefit from upgrading and modernisation. There is enormous potential to create an exciting period style home. The house retains many of its period features including ornate ceiling cornicing, original timber doors and skirtings and working window shutters in many of the rooms. The property has electric storage heating and single glazed sash and case windows.

The property has an unusual floor plan in that whilst it is two stories from the front, the ground to the rear drops away and so it is three stories at the rear with the kitchen area located on the ground floor to the rear. The rooms are spacious and well proportioned and the range of public rooms and bedrooms can be adapted to suit the individual purchaser's requirements.

This is an impressive home full of character in a sought after location and viewing is essential to fully appreciate the accommodation on offer.
