# YOUR BEST BUY IN SPORTS

Yes, your ABC membership is the best buy in sports! 2<sup>50</sup> of each member's annual dues goes to the National Headquarters. The following list includes just *some of the services* provided through membership in the world's largest sports membership organization.

- ABC provides all of the necessary league supplies to operate successfully...schedules, standings sheets, rule books, educational materials, etc.
- ABC provides bowling with standardized rules for both leagues and tournaments. Constant updating of these rules takes place at the annual ABC Convention made up of delegates from Local Associations.
- ABC provides nearly one million awards annually including those league championship chevrons which your champions will proudly display next season.
- ABC provides a bonding program to protect your league funds from misuse or theft. It's nice to know your league funds will be there when payoff time comes around.
- ABC provides research and testing to keep up with today's technology. An elaborate testing facility houses studies on pins, lane finishes and conditioners and various equipment which affect our game.
- ABC provides rules interpretation and consultation for a wide variety of situations.
- ABC provides a 10 man Field Services staff which travels around the country working with association officials to improve services at the local level.
- ABC provides financial support to the National Bowling Council which distributes information and statistics to help strengthen the sport and help it grow.
- ABC provides a free film library with instructional and educational materials as well as entertainment films for your use at league meetings or end of the season banquet.
- ABC provides a monthly magazine to every ABC sanctioned winter league. ABC's communications department helps to make bowlers the most informed sports group in the world.
- ABC provides staff and/or funds to support senior citizens, collegiate and youth tenpin programs.
- ABC provides participants for international tenpin competition and is working towards admitting bowling to the Olympic Games.
