TO MEMBERS OF THE MONMOUTH COUNTY BOWLING ASSOCIATION

Alot of work and planning, and the cooperation of all league secretaries and officers is required to produce an average book.

This average book contains the averages of bowlers sanctioned through the MCBA for the 1989-1990 season (summer leagues are not included). If your name is not included, your league secretary did not submit it or you failed to pay your sanction fee for the 1989-1990 season.

The averages contained herein are official for the 1990-1991 season, and must be used when entering handicap or classified leagues and or tournaments.

A minimum of 21 games bowled is considered an official average.

The MCBA is not responsible for any errors contained in the listings.

Unfortunately, there are some omissions. The final averages are requested only once from your league secretary, and if they did not fulfill his or her obligation to you or the position to which he or she was elected, failure to be listed here makes entering tournament or moving to other leagues difficult or impossible.

Below is a list by house of the leagues and secretaries that did not submit a final average sheet.
