

BIG BOSS INTAKES

PRODUCT DESCRIPTION:

PDI Big Boss Intake manifolds are built to increase and balance the air going into the engine. By opening up the manifold in key areas airflow will increase up to 20% leading to lower air intake temperatures resulting in power gains of up to 20hp.

These direct replacement manifolds are simple to install and utilize factory hardware. Like all PDI products, the Big Boss intake manifolds will increase horsepower and efficiency to make your drive more enjoyable and save you money.

Like all PDI products, they are designed to make more horsepower and create more efficiency so you save money while making the drive more enjoyable.

PRODUCT FEATURES:

- Increase Horsepower
- Increase Torque
- Improve Fuel Mileage
- Improve Intake Air Flow
- Easy Installation
- One Year Warranty
- Made in the USA
