www.stancorkmachinery.com.au OCTOBER 2026

A message from Jo..

As I write this, I am listening to the much-needed rain falling on the roof and hoping there are a few smiles around the area. The few warm and windy days during September certainly dried the place out and most people were looking for some spring showers or storms.

At the beginning of September, we were lucky enough to travel to Adelaide and tour the area from Adelaide north to Lake Eyre – a flight over a full Lake Eyre was probably one of the highlights of the trip. Other stops included the Flinders Ranges, Marree, Coober Pedy (after travelling over the Oodnadatta Track), Woomera and Roxby Downs. Apparently, we saw the whole area at it's very best, after heavy rainfall the month before, the country was so green, the canola crops lush, along with other broad acre farming. I imagine in the height of summer, it looks nothing like it did while we were there. I am amazed anything was ever found in Coober Pedy to mine, apparently the heat in summer is horrific – thus the underground homes. We also managed a few days of sight seeing around the Adelaide area, a lovely city and its surrounds are worth seeing, if you haven't already done so.

Lou Molina is currently on annual leave, the last I heard he was in France. Hope he is having a good time.

Please check out our current new and used stock – call the boys of you are looking for something in particular.

October is the Blue Grass Festival in Dorrigo – always a fantastic event – 23-25th October.
Dorrigo Show is on the 27th-28th November – we will be there once again!

This coming Monday is the Labor Day Long Weekend – so we will be closed on Monday 5th. I believe Peter and Rosalie Smith will also be celebrating their Ruby (40th) Wedding Anniversary – Congratulations!

Until next month..... *Jo*
