Experience the best of Bar Harbor, Maine, on Summer by the Sea! With 3 nights of oceanside accommodations, you'll get to wake up in the first place the sun kisses in the United States each morning!

Discover the coastal landmarks that have made Maine a summer favorite, including Nubble Lighthouse, Portland Head Light and the seaside village of Bar Harbor. Explore Acadia National Park with a local guide, stopping at Thunder Hole, Sieur de Monts Spring and Cadillac Mountain, where sweeping views of Frenchman Bay and its offshore islands reveal why Acadia is called the Crown Jewel of the North Atlantic Coast.

Experience Maine from the water on a whale watch in search of these magnificent ocean giants. Cruise aboard the Miss Samantha as the crew hauls lobster traps from the ocean floor, shares the catch and takes you along rocky island shores to look for seals. Discover a lighthouse keeper's view of the coast inside the Maine Maritime Museum's immersive lantern-room exhibit, sample Maine-made specialties at the Taste of Maine Experience and gather for a traditional Downeast Feast Lobster Bake.

Ride the world's first mountain-climbing cog railway to Mount Washington's 6,288-foot summit, where clear-day views extend across five states to southern Quebec and the Atlantic Ocean. Tour the grand Mount Washington Hotel, whose history includes presidents and royalty, then enjoy a nostalgic browse through the Vermont Country Store's old-fashioned sweets, familiar brands and hard-to-find treasures.

A whale watch on the Atlantic. A lobster bake in Maine. Three nights oceanside with Acadia waiting to be explored. These are the plans that make summer feel like a vacation—claim your place on Summer by the Sea and let the anticipation begin!
