

SMALL STATES

Charms of the Chesapeake

September 29 - October 7, 2027

Salt air, Victorian porches and storied waterfronts give this Mid-Atlantic journey its irresistible character. In Cape May, the romance of America's first seaside resort comes alive among ornate 19th-century homes, trolley rides and lighthouse views, while the wider Chesapeake story unfolds through places tied to national history, maritime tradition and American ingenuity. Stand where "The Star-Spangled Banner" was inspired, explore the elegance of a grand du Pont estate, and experience the coast from the water as well as the shore.

From Maryland's Chesapeake shores and Delaware's historic firsts to the Victorian beauty of Cape May, this is your opportunity to travel through a story centuries in the making. Discover Lewes, the "First Town in the First State," walk the colonial streets of Annapolis, and uncover the character of a coast shaped by centuries of American history. Come for the seaside charm and discover just how much awe these small states hold.
