Very professional and competent organization. I would not have been able to start my TMS practice without their assistance. Highly recommend them.

Marianne Bernadino, MD

Don't think twice. Just SPEND THE MONEY AND DO IT RIGHT THE FIRST TIME! I wish I had done this sooner. Just got our manuals and am over the moon with how thorough, well thought out, and professional they are... and that's just the electronic version. I am beyond confident in our decision to work with MNH as we start our TMS clinic journey. Can't wait for the next steps!!
