Bailey Ave Inc. Announces 2025 Web Grant San Francisco Bay Area Award Recipients

SAN FRANCISCO, CALIFORNIA, August 13, 2025 — Bailey Ave Inc., a Fresno-based technology services company, proudly announces the recipients of its 2025 Web Grant Program for the San Francisco Bay Area. In collaboration with Tri Counties Bank and the California Black Chamber of Commerce, the Bailey Inc. Foundation expanded its award-winning Web Grant initiative to support five small businesses across the region with free website development and one year of hosting and maintenance.

"We're proud to partner with organizations that share our commitment to empowering entrepreneurs through technology," said Anthony Bailey, Founder and CEO of Bailey Ave Inc. "These businesses represent the creativity, resilience that drive local economies forward."

The Web Grant Program equips small business owners with professional digital tools, including a new website, custom branding package, and logo design—at no cost to the recipients. This year's grant targeted both emerging and established entrepreneurs whose work impacts communities throughout the Bay Area.

"Supporting the growth of small businesses in the San Francisco Bay Area is a large focus for us at Tri Counties Bank," said Scott Robertson, Senior Vice President and Head of Community Banking. "By partnering with Bailey Ave Inc. and the California Black Chamber of Commerce, we were thrilled to help local business owners gain access to cutting-edge technology, products and services."

"When it comes to technology, A.I. and functional websites, our small business owners are at the bottom of the list," said Jay King, President of the California Black Chamber of Commerce. "Programs like the one Mr. Bailey offers are not just a game-changer, they're a life-changer because they can literally be the difference between extending the life of the small business or watching its death."
