

Specialty Pharmacy Only - Update Effective January 1, 2024

Meijer is terminating their contract with ESI and therefore ceasing to participate in the Priority Health specialty pharmacy network. **This change does not impact a member's ability to fill a non-specialty medication at any Meijer retail pharmacy.** If you currently take a specialty medication, please read the Q&A below.

How does this affect me?

As of January 1, 2024, Meijer specialty pharmacy will no longer be in network. If you wish to continue using Meijer specialty pharmacy, you'll be responsible for the total cost of the medication. You may continue to use Meijer to fill all your non specialty prescriptions that do not require filling at a network specialty pharmacy.

What do I need to do?

Specialty drugs will need to be filled at either Accredo or Corewell Health Specialty Pharmacy. To help you with this transition, Meijer has transferred your prescription to Accredo. Accredo will contact you, or you may call Accredo at 877- 895-9697 to speak with a patient care representative to arrange for delivery of your medication on a day that's convenient for you.

What if I have questions?

You can contact Priority Health by calling the number on the back of your member ID card or logging into your account at priorityhealth.com to send a message.
