Dear Friends,

As we continue our journey toward this year’s goal, the Diocesan Annual Campaign remains on a very positive trajectory. Thank you for your ongoing efforts to encourage support from the faithful in your parish communities. Your dedication is making a meaningful difference.

A few encouraging updates:

- We have now exceeded last year’s donor count at this time by 70 donors.
- The total number of gifts received is up by 1,140.
- Cash received has increased by \$425,155.19.
- Total commitments are ahead of last year by \$280,185.18.

These strong results reflect the generosity of our parishioners and the tremendous work being carried out across the diocese. We are deeply grateful for the commitment of our pastors, priests, volunteers, and parish staff. Your partnership continue to be essential to the success of this effort.

Our second direct mail appeal is expected to arrive in parishioners’ mailboxes later this week or early next week. Approximately 18,000 households will receive this mailing, including regular donors who have not yet made a gift this year, individuals who have supported the DAC within the past four years but have not yet participated this year, and newly registered households who may wish to make a first-time gift.

New gifts can be made on our website (www.hbgdiocese.org/giving) or sending in the check to the Diocese or the parish.

Please feel free to reach out with any questions!
