MONTINA, SATEN, BLANC DE BLANCS, DOCG, EXTRA-BRUT

*FRANCIACORTA, ITALY*

Nestled among the rolling hills of Franciacorta near the shores of Lake Iseo, Montina has built its reputation on crafting sparkling wines that rival the world's finest expressions of Chardonnay. Their Satèn is one of the most distinctive styles produced in Franciacorta, made exclusively from Chardonnay and bottled at lower pressure than traditional sparkling wines to create a softer, creamier mousse.

Sourced from some of the estate's oldest vineyards, this wine benefits from the moderating influence of Lake Iseo and spends at least 28 months aging on its lees before release. Aromas of fresh orchard fruit, acacia blossom, lime, and subtle vanilla lead into a palate that is remarkably smooth and elegant. True to its name, Satèn delivers a silky texture that glides across the palate, balancing vibrant freshness with delicate richness. Franciacorta producers reserve this designation exclusively for Blanc de Blancs wines made with lower pressure, resulting in the signature silky texture that inspired the name. This is sparkling wine at its most graceful, offering a beautiful introduction to the sophistication and uniqueness of Franciacorta.
